Next to Ebony Ellis

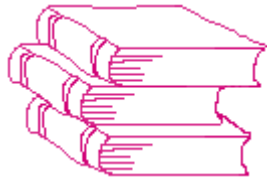

Today I am sitting next to Ebony Ellis
her legs crossed wearing her zebra socks.
She taps her nails on her desk,
the bubble gum in her mouth pops.

She likes her dress short and slutty.
She wears her hair long and straight.
She's perfect in every way,
always organised and never late.

She is in love with psychology
She's always reading books
She is something of a strange girl,
she gives me such confusing looks.

She talks a lot, not to me.

She's such a flirt and always annoys.

Always teasing and messing around,
only with the girls but never the boys.

She's mean and bitchy.

PMS is my hunch.

She's always off the rails, I know
she takes something with her lunch.
